# ERA IN MOTION

The 1920s, 30s, and 40s were a time of transformation in fashion, design, and cocktails, embracing modernity with confidence. Inspired by *Gazette du Bon Ton* (1912 to 1925), a French magazine known for its Pochoir illustrations and progressive vision, this menu channels the energy of an era that refused to be dull.

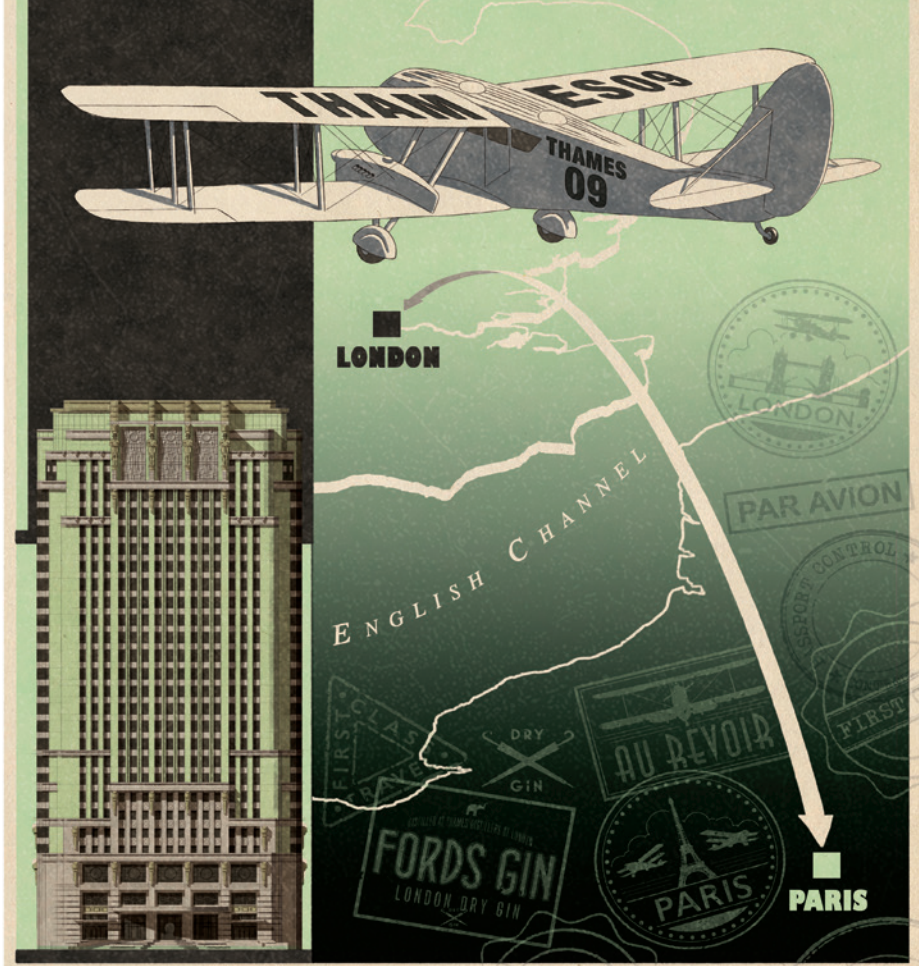

A toast to the best of the age—fashion in its prime, jazz in full swing, a great fair that redefined style, and soirées that lasted till dawn. Our ATLAS Classics remain at the heart of it all, a foundation that sets the standard. Just like Art Deco’s bold lines and boundless energy, this menu channels the very best of the age, designed for its time yet forever modern.

After all, living well never goes out of style.
